

# Thermoclad High Performance PVC Powder Coatings

Durapearl is Protech's highest performance line of PVC thermoplastic powder coatings. These powders demonstrate outstanding durability and are steam and stain resistant. Durapearl powders are available in a wide range of colors including lustrous metallic finishes. Durapearl is the ideal coating solution for dishwasher racks, refrigerator shelving, dryer racks, freezer baskets and a wide range of other products.

## Technical Data Information

### Durapearl NCB-4NT-HC-3, Metallic Blue

PRODUCT CODE	ASTM METHOD	NCB-4NT-HC-3
Bulk Density, lb/ft <sup>3</sup> , at rest	D-792	39
Hardness, Shore A'	D-2240	75 ± 2
Tensile Strength, psi.	D-651	2100 ± 100
Elongation, %	D-638	280 ± 10
Tear Strength, ppi	D-1004	310 ± 10
Maximum Useful Operating Temperature, °F, Continuous		195°F
Intermittent		350°F
Dielectric Strength, v/mil		900
