

Epflor™

Modified Thermosetting Powder Coating

- Epflor™ is a blend of thermosetting powder coating and polytetrafluoroethylene (PTFE).
- Epflor™ is available in polyester, epoxy, urethane, and hybrid chemistries.
- Epflor™ reduces the coefficient of friction by as much as 36.4%, compared to non-modified powder coatings.
- Epflor™ can be applied with your current electrostatic spray equipment.
- Epflor™ is available in standard and custom colors.

Epflor™ is ideal for:

- Wire shelving
- Cutting blades
- Wire baskets
- Display racks
- Shopping carts
- Mechanical toys
- Impellers
